did you know...

Your heating and cooling system is the most expensive mechanical system of your home and is essential for your comfort. To give you peace of mind and your family comfort in the event of an unexpected breakdown, Steinhardt's Comfort Shield program is just for you! We have developed a new program that will give you the protective shield on the most important systems for your family's comfort PLUS gives you addition discounts to save money to improve your families comfort inside and outside. NO matter what brand is in your home we service ALL systems!

Your heating and cooling is 54% of your household energy consumption*

Regular maintenance lowers utility bills on average a \$100 per year**

*2010 Energy Star Data base chart 2.1 on residential usage

**MONEY magazine research August 2007

STEINHARDT COMFORT SHIELD PROGRAM PROTECTION:

peace of mind

An EPA Certified technician will visit your home twice a year and perform a full point inspection.

Visits last approximately 1 hour but vary depending on the condition of the equipment and additional work that may be recommended. Please let the technician know about any concerns you have about performance issues, such as noises, temperature control, rooms that aren't heating or cooling, etc.

NEW BENEFITS & SAVINGS
